

Attention, Godfrey Residents that may have been affected by the recent flooding event:
Madison County Emergency Management has arranged for a phone bank to be set up operated by the United Way to take property damage reports from the Citizens of Madison County/Godfrey residents. This will assist local government in compiling the damage assessments we need to apply for assistance.
Please help us spread the word by telling everyone who have suffered flood or storm related property damage to dial 2-1-1 or call 1 (800) 427-4626 to report their damage. We will also be posting this information on our Village Facebook/social media Page.

Residents cleaning up should take extra care when performing work in or around any flood water contaminated areas, as contaminants in the water could include unknown chemicals, fuel, raw sewage and other hazardous debris.
