

**Godfrey Climate Protection and Energy Efficiency Committee
2015 Survey**

1. If Godfrey were to address one environmental concern, which concern should be addressed?
 - Public transportation and bike/walking trails
 - Public open space and parks
 - Water quality
 - Energy efficiency
 - Proper Storm Water Management
 - Recycling and waste management
 - Emissions from vehicles and buildings
 - Other (please specify)_____

2. As a resident of the Village of Godfrey, which sustainable topic would you like to have more information on?
 - Recycling, composting, and proper waste management
 - Local foods, gardens, and agriculture
 - Public transportation, including bus/trail routes
 - Energy efficient strategies for homes/businesses
 - Water quality management for lakes, streams, rivers, and treatment facilities
 - Practices that decrease emissions from vehicles and buildings
 - Other (please specify)_____

3. Which of the following *energy efficiency* practices have you currently made in your home? Check all that apply.
 - Added more insulation
 - Conducted an energy audit
 - Weatherized your home
 - Installed a programmable thermostat
 - Upgraded heating and cooling to high efficiency
 - Installed low-flow water fixtures
 - Bought energy star appliances
 - Other (please specify) _____
 - None of the above

4. Which of the following practices regarding *storm water* have you currently made in your home? Check all that apply.
 - Installed pervious pavement
 - Installed a rain barrel/rain garden
 - Planted native vegetation
 - Other (please specify)_____
 - None of the above

OVER.....

5. Which of the following practices regarding *solid waste* have you currently made in your home? Check all that apply.
- Recycled or composted
 - Vermicomposting (using earthworms to turn organic waste into fertilizer)
 - Organic fertilizer
 - Other (please specify)_____
 - None of the above
6. As a resident of the Village of Godfrey, which policies regarding sustainability would you be interested in? Check all that apply.
- Urban Agriculture (the growing of plants and the raising of animals within and around cities)
 - Weatherization/Energy Efficiency
 - Renewable Energy Systems (solar panels, wind turbines)
 - Bee Keeping
 - Proper storm water management
 - The collection and use of bio-fuels
 - Property Assisted Clean Energy (PACE)
 - Other (please specify)_____
 - None of the above
7. What deters you from making your household more sustainable?
- Lack of information or knowledge
 - Lack of interest
 - Changes are too expensive
 - Other (please specify)_____
 - I do not feel deterred

Gender

- Male
- Female

Age:

- Under 25
- 25-44
- 45-64
- 65 and over
