

Civil Engineer - Municipal

The Village of Godfrey, Illinois is seeking an experienced civil engineer for permanent employment. The ideal candidate will have a background in municipal government, be responsible for the development of the village's infrastructure improvement projects, contract documents, construction oversight and consultant engineers. This includes streets, sanitary sewer systems, storm water, park systems and capital improvements as directed by the village administration.

Position requires a person with excellent interpersonal relationships and communication skills to perform routine and complex work associated with planning, design of new construction, operation, maintenance and replacement of municipal systems and utilities. Must take direction from the village administration and be an advisor to the trustees, engineering technicians, department heads and residents.

Godfrey residency is not required however local candidates will be strongly considered.

Professional Engineering registration in the State of Illinois or able to complete registration within 6 months of employment is necessary.

The Village of Godfrey is committed to providing a non-discriminatory employment environment for its employees.

The policy of the Village of Godfrey is to fully comply with applicable federal, state and local laws, rules and regulations in the area of non-discrimination in employment. Discrimination against employees and applicants due to race, color, religion, sex (including sexual harassment), national origin, disability, age (40 years or older), military and veteran status is prohibited.

Please submit professional resume and cover letter to Mayor Mike McCormick, 6810 Godfrey Road Godfrey, Il 62035
